

Circular Merchant

Circular Merchant

Circular Merchant is available as a user-friendly website or smartphone app. It's simple to exchange materials and items. Any business or individual in Pennsylvania or globally can access the exchange.

Pennsylvania's Reuse and Recycled Materials Exchange.

In a competitive marketplace, businesses and individuals can leverage Pennsylvania Circular Merchant to exchange a variety of used materials. Opting to re-use and recycle materials helps cut costs and reduce waste - benefits we can all stand behind.

Discover the Benefits.

Looking for materials for your business or an individual project?

List

Need to get rid of materials that still have market value?

Circular Merchant is a digital tool to facilitate the exchange of materials and items. Organizations and people across the state need to get rid of unneeded materials, while others need to find materials at an affordable rate.

Most companies now need to meet sustainability and conservation goals. Circular Merchant helps organizations achieve both financial and recycling goals in a competitive marketplace.

Circular Merchant allows the exchange of a wide variety of materials, including:

- Electronic scrap
- Glass
- Organics & Composting
- Paper / Cardboard
- Plastics
- Metals
- Textiles
- Reuse / Yard Sale

Hosted by the Pennsylvania Recycling Markets Center, the Circular Merchant team actively manages the service and helps build trade relationships.

The Pennsylvania Recycling Markets Center (RMC) is a non-profit corporation with mission to reduce or eliminate barriers that lead to expanded end-use of Pennsylvania's recycling. As the only Pennsylvania organization with this uniquely circular mission, the RMC team brings economic development and environmental guidance; recycling industry outreach and research; and manufacturing assistance to stakeholders including entrepreneurs, manufacturers, recycling sorters, collection programs, haulers, governmental agencies and officials, consumers, and educators.

Since inception in 2004, and with funding from the Pennsylvania Department of Environmental Protection, the RMC has an affiliation with Penn State and is headquartered at Penn State Harrisburg with an office also in Pittsburgh. Serving the entire state, RMC assistance includes manufacturing supply connectivity for use of recycled feedstocks; applied research and commercialization assistance in the use of recycled materials; technology and equipment comparisons; and expert curation of technical and business growth knowledge.

The Recycling Markets Center is the keystone of circular economy in Pennsylvania.
